Yanks Closing in on St. Nazaire Port Philadelphia Strikers Defy Army

Leaders Shout Defiance of Government

Transportation Practically Ends

PHILADELPHIA, Aug. 4 (AP)—Almost complete paralysis set in again tonight on Philadelphia's transportation system, now property of the United States government, with leaders of the four-day tieup still shouting defiance at army attempts to restore service.

Indications that the government was planning its next step came in an army announcement that Maj. Gen. Philip Hayes, commanding the Third Service Command, conferred with Department of Justice and Federal Bureau of Investigation officials.

Plan Co-operation

"The entire situation was gone over so that there would be complete co-operation between the army and the committee representing strikers," Hayes said in a statement to the press.

He gave no details. Confering with Hayes were Henry A. Schweinhaut, special assistant to the attorney general, and John F. Sears, agent in charge of the Philadelphia office of the FBI.

The general conferred earlier with United States Attorney Gerald A. Gleson.

Meet at Noon Today

"Be back here at noon tomorrow," he told strikers assembled at a car barn, "and we will have more news for you."

The last Broad street subway train ended operations at 6:30 p. m., when relief operators failed to appear. The last trolley quit running at 8 o'clock, but the Market street trolley line continued on a reduced schedule—the only line running in the city.

At the 5 p. m. rush hour, only 75 per cent of the normal number of vehicles were in operation—thirty-one six-car subway-elevated trains and one trolley.

Usually at that hour there are seventy-seven trains, 1,529 trolleys and 462 buses in operation.

Close Liqueur Stores

Reports that attempts were being made to stir up a sympathy strike on the suburban Red Arrow lines, caused the board of commissioners in nearby Upper Darby to order the closing of liquor stores and taprooms.

J. F. Hammond, superintendent of the Red Arrow lines, which carry 90,000 passengers daily, said an investigation indicated the company's 300 operating employees were planning no walkout.

The Philadelphia strikers' general committee voted late today to continue the strike.

Arrests Predicted

In Washington James P. McGranery, assistant to the attorney general, said "those who have obstructed a return to work since the army took over are very likely to be arrested—and soon."

"We are already in possession of considerable evidence as to who are guilty of these obstructive tactics," McGranery said, adding:

"The United States government will not compromise one iota in the regulations of the Fair Employment Practices committee or the United States Employment Service requiring fair opportunities for employment of negroes."

Transit Strike Ties Up Montreal

MONTREAL, Aug. 4 (AP)—Thousands of Canadians walked to work in the sweltering heat today as a second day of the tram and bus strike passed with little prospect of a settlement.

Automobile and truck traffic swelled to unprecedented proportions, creating traffic snarls, as the Montreal Tramways and the Canadian Brotherhood of Railway Employees remained stalemated on the union shop issue.

Night Baseball

NATIONAL LEAGUE

PITTSBURGH, Aug. 4 (AP)—Bill Nicholson's twenty-fourth home run of the season produced two ninth-inning markers to give Chicago a 4-3 victory over Pittsburgh before 10,022 tonight and extended the Cub's winning streak to ten straight.

ARMY TAKES OVER PHILA. TRANSPORTATION

Charles E. Ebert (left), executive vice president of the Philadelphia Transportation Company, hears Maj. Gen. Philip Hayes, chief of the Third Service Command, read President Roosevelt's executive order directing the army to take possession of the Philadelphia transportation system following a three-day strike.

Russian Troops Near Main Road Into Germany

By W. W. HERCHER

LONDON, Saturday, Aug. 5 (AP)—Russian troops in a spectacular 27-mile break-through behind the enemy's shattered Vistula river defenses yesterday swept southward to within thirty-seven miles of Krakow, Poland's fifth city and last big German stronghold barring the invasion road into Germany itself.

Tank-tipped Soviet spearheads rolling across open plain country in great strength now were only seventy-seven miles from German Silesia, flowing westward and southward from a Vistula river bridgehead which has been expanded quickly to a width of forty miles in two days.

Reds Near Krakow

Moscow's bulletin announced the capture of Goryslawice, twenty-seven miles southwest of Staszow, which was taken Thursday in the first smash across the Vistula at a point 110 miles south of besieged Warsaw. Goryslawice is thirty-seven miles northwest of Krakow, and the Russians were moving at a pace which might put them at Krakow within the next day or two.

Inside besieged Warsaw, nearly 150 miles to the north, Polish patriots were reported to have seized the heart of the city in a battle against German tank units, while Marshal Konstantin K. Rokossovsky's first White Russian army was locked in a fierce struggle just east of the Polish capital.

Two Towns Seized

Nowy Korczyn, on the Vistula seven miles southeast of captured Goryslawice, fell to a Russian column which had rolled twenty-seven miles down river from Poland. The intermediate towns of Stopnica and Pacanow were seized in a total bag of 100 localities.

The swift surge of the Russians toward Krakow threatened to cut off the retreat of huge German forces caught in the area east of the Vistula, between that river and the San. Nowy Korczyn is twenty-two miles northwest of outflanked Tarnow, rail station on the Rzeszow-Krakow trunk railway, and another Soviet column pushing westward captured Sedziszow, thirty-one miles east of Tarnow, in this pincer movement.

Mead Takes Over Truman's Post

WASHINGTON, Aug. 4 (AP)—Senator James M. Mead (D-NY) took over the chairmanship of the Senate War Investigating committee today with a pledge to keep politics out of its activities.

Elected unanimously to succeed Senator Harry S. Truman, who led the committee through three and a half years of inquiries into all phases of the home front war program, the New Yorker told reporters:

"It is my intention to carry on along the same non-partisan lines and with the same investigative policies as were established under the chairmanship of Senator Truman. The committee has authorized me to say that they completely and unequivocally support this position."

Young Officer Missing

JOHNSTOWN, Pa., Aug. 4 (AP)—Lt. Col. Robert L. Coffey, 27, army air force pilot who destroyed thirteen Nazi planes, has been missing over France since July 11, according to a War department message received by his parents.

Dewey Predicts He'll Win Even If War Goes On

G.O.P. Candidate Sure of Victory

By DOUGLAS B. CORNELL

ST. LOUIS, Aug. 4 (AP)—Gov. Thomas E. Dewey, calling the "problem of friction between local and federal governments" solved so far as the Republican party is concerned, predicted tonight his own election to the presidency in November "regardless of the war news."

Winding up a series of political concerns after a two-day meeting with the other Republican governors, the GOP nominee told a news conference a complete unity of thinking had been achieved as between twenty-six points of views represented by the heads of the state governments who were present.

Issue Policy Statement

The governors issued a policy statement on fourteen points, took a final swing at the New Deal and called for "personal contact" between state executives and the president in the future to avoid "costly misunderstanding."

Asking about the political effect, Dewey replied:

"My experience has shown that if you render an important service in government, the people respond. This has been a precedent-making event in the service of this country."

A reporter then wanted to know if Dewey thought news of the Allied advances in the European war theater would benefit Republican chances in November.

"I am convinced that the Republican party will win, regardless of the war news," Dewey replied. "I am exceedingly happy at the news of satisfactory military progress."

Preparing to leave later in the day for his farm at Pawling, N.Y., Dewey interrupted meetings with Missouri political, labor, agriculture, business and other leaders to assay for the press the results of the governors' conference.

Scores New Deal

Dewey reiterated charges that the New Deal for twelve years had permitted controversies to arise between local and federal governments, to which he said the Republicans had found solutions they believed satisfactory. He added the observation, in his opinion, Democratic governors could agree largely with the GOP conference findings.

"The net result is that one of the most vexatious problems has been solved as a matter of national interest."

Nearly Entire Nation in Grip Of Record Heat

(By The Associated Press)

Three-fourths of the nation sweltered yesterday.

Texas had its twelfth consecutive day of temperatures above 100 degrees. . . Phoenix, Ariz., had a maximum of 113 degrees, highest in forty-nine years. . . West Virginia's prolonged drought was called "serious" . . . Findley, Ohio, has had no rain in forty-one days. . . Crops and cattle in Kentucky suffered from heat and drought. . . Michigan's highest temperature was in Detroit, 98 degrees. . . New York City set an all time record for the day of 96.3.

All Sections Hit

From all corners of the country came reports of oppressive heat.

In the southwest—New Mexico went through its eleventh day of temperatures ranging from 90 to 100. Memphis, Texas, with 117, recorded Thursday was still hot, and Clarendon, and in the panhandle, had 111. Oklahoma's temperatures had been above 100 generally for three days.

In the middle-west—the temperature range at Kansas City, Mo., was 81 to 101. Chicago had its third day of a heat wave with no relief sighted. A week-long hot spell was general throughout Wisconsin. Minneapolis had a high of 84 degrees. Columbus reported a 95-degree maximum, two degrees under.

Only One Trolley Car Moves in Philadelphia

PHILADELPHIA, Aug. 4 (AP)—Exactly one trolley moved on the streets of Philadelphia during the late afternoon rush hour today. Normally there would be 1,529.

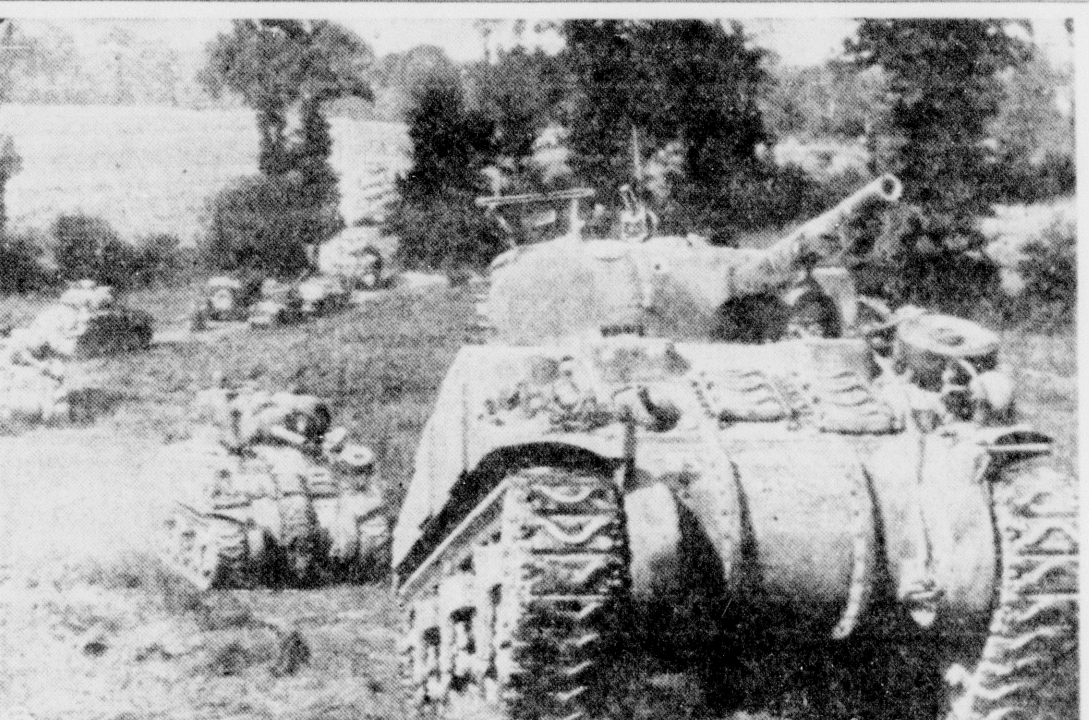

No buses operated. Normally there would be 664.

Army spokesmen said twenty-four trains were in operation on the market street subway-elevated line, compared with a normal of forty-two.

Fifteen trains rolled in the Broad street subway tube when normally twenty-six operate.

No trains moved in the Ridge avenue subway spur. Normally four would operate. There was no service in the Philadelphia-Camden N. J. tube.

SHERMAN TANKS ADVANCE ON NAZIS IN FRANCE

ROLLING THROUGH THE WOODED COUNTRY south of Caumont, France, a number of British-manned Sherman tanks smash at the German center. The heavy tanks are credited with spearheading the blow that cracked Nazi lines and captured a number of towns in the sector. Signal Corps Radiophoto.

Byrnes Orders Rigid Ceilings On Employment

By STERLING F. GREEN

WASHINGTON, Aug. 4 (AP)—To gain the last ounce of production needed to finish an enemy whose "knees are buckling," War Mobilization Director James F. Byrnes today ordered rigid employment ceilings on civilian plants in 181 labor scarcity areas.

His aim was two-fold: to free excess workers for war jobs; and to dry up civilian job openings for workers now tending to drift away from war industry.

Local Ceilings Planned

Local groups, the Manpower Priority committees which exist in all shortage areas, will fix the ceilings for individual plants.

To insure compliance, Byrnes directed that the war agencies use war powers never before employed for manpower purposes—the chocking-out of materials, equipment, fuel, power or transportation from an employer who exceeds his labor quota.

And in a drastic move to prevent any increase of civilian production which would hurt vital production, he gave the War Manpower Commission a flat veto over any reconversion action by the War Production Board which in WMC's estimation would divert workers from war plants.

The few programs in which production is not critically short and urgently needed, the facts warrant courageous action quickly.

Byrnes told a press conference. The new directive does everything possible under present law, he added.

Sees Danger to War Effort

"People want to leave their jobs in war plants in order to get back into civilian business. If the present exodus from war plants continues, it is going to interfere seriously with the possibility of an early end of the war."

Only 200,000 workers are needed, Byrnes said, or less than one-half of one per cent of total industrial employment. But even these have not been forthcoming, and the programs farthest behind are for items among those most needed in the expanding march across Europe—big guns and shells, heavy trucks and tires, tanks, tenting and radar.

"We have the enemy on the ropes; he is dazed and his knees are buckling," Byrnes exhorted. "This is no time to take a holiday and give him time to recover. It is time to finish the job. We cannot let down our men in the armed services."

Kills Neighbor, Self

UNIONTOWN, Pa., Aug. 4 (AP)—Michael Cribbleck, 52, of nearby Amend, shot and killed a neighbor, Mrs. Rebecca Martin, 44, then took his own life with the same gun, Coroner L. R. Herrington reported today.

Stilwell Near End of Campaign To Drive Japs from North Burma

By CHARLES A. GRUMICH

SOUTHEAST ASIA COMMAND HEADQUARTERS, KANDY, CEYLON, Aug. 4 (AP)—Lt. Gen. Joseph W. Stilwell's dramatic campaign to drive the Japanese from Northern Burma and establish a military supply highway from India to China approached fruition today as American and Chinese troops crushed the last organized enemy resistance in Myitkyna after a bloody siege that began May 17.

A communique from Admiral Lord Louis Mountbatten's headquarters announced: "Myitkyna fell today. With the exception of some mopping up operations, all organized resistance has ended. American troops in the north sector and Chinese troops in the south sector made large gains, finally converging."

At least 5,000 Japanese troops of the crack "Singapore" division died in futile defense of the important rail terminus and air base. Over 100 were killed last night as they attempted to escape on rafts down the Irrawaddy river.

Nazis May Have Started Inter-Planetary War

LONDON, Aug. 4 (AP)—A rumor that the Germans had managed to launch a new stratosphere rocket a fortnight ago but hadn't yet heard from it moved the weekly Tribune today to speculate facetiously it might have dropped on another planet and might result in an inter-planetary war.

"If that world (hit by the runaway rocket) happens to be inhabited by people who have reached our own level of civilization," said the Tribune, "they may regard it as an act of hostility and be even now getting ready to send us a note about it. Are we therefore on the eve of war between worlds before we have got ourselves tidied up on earth?"

Hitler Orders Ruthless Purge Of German Army

By RICHARD KASISCHKE

LONDON, Aug. 4 (AP)—Adolf Hitler tonight ordered a ruthless purge of the German army as an aftermath of the Junker generals' revolt against his regime and in an opening move ousted twelve officers and marked them for early trial as "traitors" by the feared People's court, the death-dealing Nazi star chamber.

Official announcements broadcast by Berlin named a total of twenty-three officers as implicated in the revolt, more than half of whom had not been identified previously. They included four lieutenants and a captain—all of aristocratic names—suggesting that the revolt may have gone farther down through the ranks than previously indicated.

Hitler Selects Court

Hitler selected a hand-picked, five-man "court of honor" composed of his most trusted men at the top of the army to execute the purge. Hitler, said the Berlin announcements, is to pass on their decisions, and men purged from the army are to be tried "together with other traitors" by the People's court instead of by courts martial.

The People's court generally decrees death for defendants convicted of treason.

In telling of institution of the purge Berlin disclosed that eight officers already had died for the plot against Hitler's life, four being listed as "executed" and four as "suicides" and that two officers "had deserted to the Russians."

12 Generals Arrested

Twelve men listed as "under arrest," expelled from the army and slated for a people's court trial were named by Field Marshal Erwin von Witzleben, German commander-in-chief in France until Field Marshal Karl Gery von Ruestel took over in 1942 and later commander in Northern Italy. Austrian newspapers reaching London today described him as the leader of the revolt and charged that he proclaimed himself German chief of state on the night of the attempt on Hitler's life "after establishing contact with captive German generals in Moscow."

1,100 Maryland Doctors Now in Armed Forces

BALTIMORE, Aug. 4 (AP)—Eleven hundred Maryland physicians who were in active practice when America entered the war are now in the armed forces, Dr. Charles W. Maxson, state director of procurement and assignment, disclosed today.

Americans Race For Great Base As Nazis Flee

Germans Admit Grave Setbacks

By JAMES M. LONG

SUPREME HEADQUARTERS ALLIED EXPEDITIONARY FORCE, Aug. 4 (AP)—United States tanks raced across Brittany with dazzling speed tonight to within seventy-five miles of the great port of Brest and closed in on St. Nazaire to cut off the whole peninsula, while comrades guarding their flank rushed east unopposed across the plains in a new drive toward Paris and the heart of France.

Tank spearheads thundered through ripped-open defenses of Brittany so fast that they were a good twenty-four hours ahead of all official reports, and they were followed by speeding columns of trucks bearing the infantry.

Germans Admit Reverses

Germans, admitting setbacks wholesale, said the Americans had reached a point sixty miles west of Brittany's capital of Rennes, which fell only yesterday and were within seventy-five miles of Brest, the second port of France.

As one column headed southwest from Rennes toward the Nazi U-boat base of St. Nazaire, a parallel force broke into Chateaubriant, thirty miles southeast of Rennes, and drove on down the last thirty-five miles toward the Loire river port of Nantes.

May Have Cut Highway

There was no official confirmation of these gains but Lieut. Gen. Omar N. Bradley's troops were traveling at a pace that should carry them close to both cities, and it was likely that they had already cut the last highway along the south coast and sealed off the entire peninsula.

But the surprising development of the day came when American forces, moving to guard the left flank of this great force pouring down from Normandy, tugged out southeast of Avranches feeling for a German western flank that was not there.

The Americans apparently had two choices, both possibly disastrous for the Germans: to head directly eastward toward Paris, or to strike northward and cut behind the Germans who have been containing the British and Canadian forces along the Orne river.

Meet Sliver Resistance

In one of the boldest strokes of Allied arms, the Americans in the original breakthrough had surged into the Brest peninsula through a narrow corridor at Avranches without troubling to widen it.

Late tonight it was announced that a strong armored column had pushed to the vicinity of Fougeres, twenty-three miles southeast of Avranches and twenty-seven miles northeast of Rennes without encountering resistance.

East of them lay the broad highways to Paris, some 150 miles away, and patrols and lighter forces were active all along a twenty-three-mile arc from Fougeres northeast to Barenton.

Bradley's avalanche thundering across the Brest peninsula—twice the size of the Normandy peninsula—was known to have overrun Bains-Bretagne, twenty miles south of Rennes. Maun, twenty-seven miles west of Rennes. Browns, thirty miles west and north of Rennes, and were pressing on the by-passed port of St. Malo on the north coast.

Will Build New Bridges

The statement added that military bridges could be quickly thrown across the Arno inside Florence and that the destruction would not hold up the Allied advance for long or have any bearing on future operations.

The Allied statement threw but little light on the military situation inside Florence—not saying whether enemy troops had withdrawn entirely from the northern part of the city—but continued at length on German vandalism.

It called the "wanton destruction" of bridges "just another example of Field Marshal Albert Kesselring's order to his troops to carry out demolitions with sadistic imagination."

After yesterday's concerted advance by British, New Zealand and South African troops south and southwest of Florence, South African units crashed into the outskirts early today and sent patrols probing to the river bank. There was no indication they encountered resistance with the city.

"Secret Weapon" Centers Bombed

By NEVILLE NORDNESS

LONDON, Aug. 4 (AP)—More than 1,200 American heavy bombers strongly protected by close to 1,000 fighters carried out a smashing attack today on the Germans' "secret weapon" experimental laboratories at Peenemuende, on the Baltic coast 130 miles north of Berlin.

Explosives were cascaded upon other military targets inside Germany along with the assault on the Peenemuende laboratories, where flying bombs, rockets and jet-propelled planes are developed.

Fortresses and Liberators struck sharply at fighter component plants and airfields at Anklam, forty-seven miles northwest of Bismar, aircraft assembly plants at Rostock on the Baltic coast 110 miles northeast of Berlin, port installations at Kiel and an oil refinery at Bremen.

Retreat Is Rapid

Significant of this retreat under pressure was the discovery of German ammunition dumps abandoned intact in the northern edge of the big forest of Sever, west of Vire.

There was heavy fighting around Vire and St. Pons to the southwest. It was learned the British had pulled back out of Vire but now had it all but surrounded.

If Field Marshal Gen. Guenther von Kluge knew where he was going to set up a new line, he was given another headache today by 290 U. S. heavy bombers who pounded Pas-de-Calais coastal batteries and what was described as "defensive" positions.

Many Stocks Close Slightly Lower Liveliest Trading in Two Weeks

By VICTOR EUBANK
NEW YORK, Aug. 4 (AP)—Active trading of low-priced motors in the stock market was viewed with pessimism by analysts. Gains of fractions to a cent were substantially reduced or wiped out in the final hour.

Trading became the liveliest in two weeks after a quiet and steady opening. Blocks ran to buyers for favorites. Declines limited at the close.

Associated Press sixty-stock index was off 4 of a point at 54.3, a decline since July 22.

The largest since July 21 and ended with 803,650 the day before. Paig, again the fastest mover of the list, touched a new 1944 peak but reduced a top gain of a point to 1/2 at the end. Modest improvement was retained by Hupp Motors, Oliver Farm and Westinghouse.

Prominent casualties were United States Steel, Chrysler, General Motors, N. Y. Central, Southern Pacific, du Pont, Allied Chemical, Hayes Mfg. and United States Rubber.

Curb retreaters included Cuban Atlantic Sugar, Republic Aviation, Glen Alden Coal and Aluminum of America. Turnover here was 250,830 shares versus 228,985 yesterday.

Many rail issues showed poor resistance to selling in the bond market and the lower slants extended to other sections of the list.

Sales amounted to \$7,092,900 compared with \$8,114,000 the previous day.

Iron Firemen Regain Victory Loop Lead as Frostburg Legion Loses

DeMolay Forfeits to League Pacemakers; Local Legion Stops Frostburg

VICTORY LEAGUE			
STANDING OF CLUBS			
Club	W	L	Pct.
Iron Firemen	10	2	.833
Frostburg Legion	9	3	.750
Lonsomeing Legion	8	4	.667
Cumberland Legion	7	5	.583
Liberty Dairy	6	6	.500
McIntyre Tigers	5	7	.417
K. O. G.	4	8	.333
DeMolay	3	9	.250

YESTERDAY'S RESULTS
Iron Firemen 7, DeMolay 4 (forfeit)
Cumberland Legion 7, Frostburg Legion 3
Lonsomeing Legion 8, McIntyre Tigers 1

The Cumberland Iron Firemen regained the top position in the winning Victory League yesterday by defeating DeMolay in the North End Playground field while the Frostburg American Legion outfit was being turned back 6-2 by the Cumberland Legion in the Mountain City.

Another postponed battle was played off last evening with Lonsomeing Legion completing its regular schedule by noosing out the McIntyre Tigers at Campobello, 8-7.

The Firemen, who have two games to play, are leading Frostburg by a half-game with Lonsomeing a full game off of first place. Frostburg has one contest to play.

The DeMolay, after forfeiting to the Firemen, borrowed Catcher Charley Cumiskey from the Ironmen and turned back the loop leaders 5-4 in a practice game.

Beau Jack Wins Over Montgomery

NEW YORK, Aug. 4 (AP)—Beau Jack piled up an early lead tonight and staved off a late finish by New York Lightweight Champion Bob Montgomery to win a split ten-round decision before a crowd of 15,822 in Madison Square garden.

Dewey Predicts

(Continued from Page 1)

policy by our party and to the complete satisfaction of governors representing three-fourths of the people of the country," he said.

Dewey announced that he intended to continue to discuss issues and campaign plans with congressional delegations, adding that the New Jersey group, with Gov. Walter Edge, would call on him in Albany next Wednesday.

Meets Many Missourians

Working until train time, Dewey saw one Missouri delegation after another.

The governors had left for their homes after seeing Dewey and his running mate, Gov. John W. Bricker of Ohio, with a fourteen-point campaign document on domestic issues as a sort of addition to the national platform.

Dewey asked for, and got, plenty of advice in his "show-me" state conferences.

The last five planks, along with a general summary, came out early today, and put the state executives on record on taxation, public expenditures, labor, water resources and, lumped together, social welfare, education and public health.

They said the great objectives they sought for America could be reached only through federal-state cooperation within the spirit and letter of the constitution.

Promises Cooperation

"This can be accomplished," they general conclusion declared, "when all parts of the country are represented in the councils of the federal government, and when by personal contact, the president of the United States and the governors of the states achieve that unity of national purpose which transcends partnership and strives unselfishly for the solution of their common problems."

"It is to further such an understanding that this conference has been held."

For the past ten years entire regions of our country have been without representation in the cabinet or administrative agencies of the federal government. During that period the governors of the states have never been invited to exchange views with the president of the United States. Both of these conditions have produced costly misunderstanding and can and must be remedied."

The governors said their two days of conference had produced unity of thought between them and "the next Republican administration."

In the specific statement of policy, the executives declared:

Seek Lower Taxes

Taxes must be "simplified and reduced" after the war, and the burden of double taxation and innumerable tax reports should be eased. A permanent organization representing federal and state executive and legislative branches should work out a solution of the problem of tax coordination for "fractured" into law.

The cost of government "must be made to fit the American pocket-book," and duplication of effort by "federal and state governments must be stopped. Governmental economy means wise and efficient expenditure of public funds but not indiscriminate slashing of budgets."

It is a duty of national and state governments to create clear-cut laws and industrial policies administered with equal justice. New Deal administration of labor laws has been "ineffective and arbitrary and has tended to promote, rather than to allay, industrial strife" and an immediate, drastic change is required.

To avoid "warfare" among agencies and "chaos" in administration, federal welfare services should be consolidated and procedure simplified. After the war, measures should be "no political control of the profession of medicine."

In developing water resources, there should be established a policy of federal-state cooperation which would recognize and "fully protect the rights and interests of the people of the several states."

Previously, the governors had issued policy declarations on agriculture, highways, insurance, national public lands, public works, recreation, unemployment compensation and veterans affairs.

Cleanup on Guam At Hand--Nimitz

By LEIF ERICKSON

UNITED STATES FLEET HEADQUARTERS, PEARL HARBOR, Aug. 4 (AP)—Preparing for a cleanup drive against the Japanese on Guam, American troops won control of Mount Barrigada dominating the flat northern plateau of the island, Adm. Chester W. Nimitz announced today.

Last Japanese resistance was wiped out on the 474-foot peak near the center of the line. The eastern flank advanced to a point about a mile south of point Sasayan. The western flank established complete control of all road junctions in the vicinity of Finegayan.

Task Forces Attack

Carrier task force planes poured bombs, rockets and machine gun fire into the Japanese defenders as ground forces steadily pushed them back into the northern plateau.

Scattered Japanese soldiers were being hunted down on Saipan island, northward in the Marianas, where the enemy's organized resistance ended a month ago.

An average of fifty Japanese soldiers are being "eliminated or taken prisoner" each day in probing Saipan's caves and ravines.

Additional numbers of Japanese civilians are being interned on Tinian, third invaded Marianas island, where mop-up operations continued.

As on Saipan and Tinian, Guam's defenders had no hopes of escape. It was death or surrender.

Light Tanks in Action

Hard after the fleeing Nipponese almost turning their flight into a rout, were American infantry and engineers. They were aided by light tanks as they plunged into the wooded terrain in pursuit, straining every effort to maintain contact with the enemy.

Less than a third of Guam, an American possession, remained to be conquered. The Japanese survivors had been halved by battle losses. Effective troops numbered less than 7,000, considering the number of dead, last reported to total 7,893.

Robot Bombs Are Less of Menace

LONDON, Aug. 4 (AP)—The Germans' robot bomb barrage sputtered today to its lowest point since it broke nearly eight weeks ago as Allied bombers pounded the rocket launchers for the third straight day, and home defenses knocked off the projectiles with great success.

In addition, more than 1,200 United States heavy bombers blasted the Peenemunde experimental station north of Berlin where robots are developed, and factories where rockets and jet-propelled craft are assembled.

No Theater Ducats For Baltimore Cops

BALTIMORE, Aug. 4 (AP)—Another time-honored tradition passed into oblivion today when police commissioner Hamilton R. Atkins ruled that policemen may no longer flash their badges to gain admission to places of amusement, unless on official business.

Red Sox, Opening Baseball World Long Home Stand, Pays Tribute Split with Nats To Connie Mack

Senators, 7-5 Victors in Thousands Disregard Opener, Blanked 4-0 Strike To Help "Mr. Baseball" Celebrate

BOSTON, Aug. 4 (AP)—The Boston Red Sox opened a twenty-one game home stand today by splitting a doubleheader with the Washington Senators. Emmett O'Neill, Red Sox hurler, shut out the Senators with a two-hit, 4-0 victory in the nightcap. They Washington took the opener, 7-5.

O'Neill's fast ball was clicking in the second game and between the second and eighth inning he retired nineteen batters in a row. Only three Senators reached first base and George Case was O'Neill's only problem, reaching third base in the first inning and second base in the ninth.

Boston scored two runs in the nightcap in the first inning when, with the bases loaded, Joe Kuhel threw wild to left field on an attempted force play and Lou Finney and Bob Johnson scored.

Doubles by Finney and Johnson produced a Boston run in the third and, with one out in the eighth, Roy Partee smacked his second home run of the season.

Yank Terry, of Boston, who had won three of his last four starts was knocked out of the box in the third inning of the first game when nine Senators roared to bat for five hits and four runs. The score:

FIRST GAME			
Club	W	L	Pct.
Washington	3	2	.600
Boston	2	3	.400

SECOND GAME			
Club	W	L	Pct.
Washington	3	2	.600

White Sox Return

New Adventure Series Will Start Today on Radio

Features in Variety Are Scheduled for Today and Sunday

By C. E. BUTTERFIELD

NEW YORK, Aug. 5 (AP)—Novels of adventure turned into radio drama will comprise a new Saturday morning series which NBC is putting on at 10 a. m. in place of Mirth and Madness. The opener will have Henry Dana's "Two Years Before the Mast."

Originating from Tanglewood near Lenox, Mass., the Tanglewood festival concert of the Boston symphony for the Blue at 8.30 p. m. will have Ruth Posselt as violin soloist. The festival of Mozart music is being staged in connection with the seventieth birth anniversary of the conductor, Dr. Serge Koussevitzky.

In co-operation with the University of California at Los Angeles NBC is presenting at 12.05 a. m. the prize winning play of the radio institute writing class which is based on theme of blood plasma and its war contribution.

Program Moves Again

Halls of Montezuma, much moved program of MBS, is transferring again. Its latest new time is 6 p. m. Saturdays. Subject for Here's to Youth of NBC at 1 p. m. is "School—A Wartime Job," the story of a high school junior who lands a summer job in a war plant. . . . George Gershwin music, helped out by the guesting of Gene Grupa and Lee Wiley, comes forth from the Eddie Condon jazz concert on the Blue at 3.30 p. m. . . . Dale Evans will be guest of the Kenny Baker show on CBS at 8.

The horse racing networks, NBC

Today's Pattern

Make this easy-to-do frock for home or street wear. Pattern 9118 has a flattering yoke line and action-back ease; pockets optional.

Pattern 9118 comes in sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38, 40 and 42. Size 16 requires two and three-quarter yards thirty-five-inch and three-eighths yard contrast.

This pattern, together with a needlework pattern of useful and decorative motifs for linens and garments, twenty cents.

Send twenty cents in coins for these patterns to The Cumberland News, 39 Pattern Department, 232 West Eighteenth street, New York 11, N. Y. Write plainly size, name, address, style number.

Send fifteen cents more for the Marian Martin new and bigger summer pattern book, thirty-two pages, easy-to-make styles. Free pattern printed in book.

Smart Handicraft

814

By Laura Wheeler

She'll be proud to start back to school in this princess frock. The quick embroidery and the crocheted edging give it that expensive look.

Pattern 814 contains a transfer pattern of embroidery; single dress pattern in size 2, 4, or 6. State size desired.

This pattern, together with a needlework pattern of useful and decorative motifs for linens and garments, fifteen cents.

Send fifteen cents in coins for these patterns to The Cumberland News, 39 Needlecraft Department, 82 Eighth avenue, New York 11, N. Y. Write plainly pattern number, your name and address.

Fifteen cents more brings you our new thirty-two-page needlecraft catalog. 133 illustrations of designs for embroidery, knitting, crochet, quilts, home decoration, toys

CBS and MBS, all will be concentrating on Belmont park for the Merchants and Citizens handicap at 4.30.

Sunday Features

A number of changes come to the summer network schedules Sunday. Among them is the appearance of Darts for Dough, a variation of the quiz idea for the Blue at 4 in replacement for Al Pearce and Gang Run by Orel Anderson from Hollywood. The program makes darts throwers of the contestants.

Then these things are to happen: NBC at 9.15 a. m. Helen Hiett, former war broadcaster becomes Com-

INFORMATION
ON
WALL BOARD

There are four boards with a price range
from 31c to 91c per square foot. For
greater economy it is well to know about
these high grade boards.

ASBESTOS BOARD
Size—3-1/2" thick, 4 ft. wide, 8 ft. long
Natural color—gray
Texture—hard and tough
Fireproof, waterproof
Works well with tools
You can saw or drill holes in it
Receives paint well
Smooth surface
Can be used inside or out
Excellent where a high grade board is
required
Price—3-1/2" thickness, 81c per sq. ft.
4" thickness, 81c per sq. ft.
5" thickness, 81c per sq. ft.

INSULATION BOARD
Size—1/2" thick, 4 ft. wide, 8 ft. & longer
Natural color—ivory
Texture—soft and spongy
Fire resistant
Surface—rough on one side, smooth the
other
Lends itself to painting and decorating
The correct board for insulation purposes
Price—3c per sq. ft.

PLASTER BOARD
Composition—outside heavy tough paper,
inside reinforced plaster.
Size—4" and 5" thickness, 4 ft. wide,
8 ft. and longer.
Natural color—cream
A wood fibre board
Can be painted, can be papered.
A good board for farm and home
The lowest priced board on the market.
Price—1/2", 31c per sq. ft.
3/4", 4c per sq. ft.

BEAVER BOARD
Size—3-1/2" thick, 4 ft. wide, 8 ft. &
10 ft. and longer.
Natural color—cream
A wood fibre board
Texture—only medium hard.
Receives paint well
This is a low priced board but practical
for many purposes.
Price 4c per sq. ft.

Papers Are Filed For Operation of Livestock Market

A. P. Hoffa Heads Cumberland Stockyards, Inc., Backed by Farm Bureau

Initial steps toward the establishment of a livestock market in the vicinity of Cumberland as a sales place for farmers of the tri-state area were taken this week with the filing of incorporation papers by Cumberland Stockyards, Inc., it was revealed yesterday.

According to the papers filed with the secretary of state, the organization of which Arthur P. Hoffa, mayor of Barton, is president, is incorporated for \$20,000. Plans are under way to issue stock to the amount of \$10,000 in the near future.

Out of a dozen sites offered for the location of the market it is understood that the field has narrowed down to two — Six Mile House, west of Cumberland on Route No. 40 and the Cumberland Fair Grounds, situated on the McMullen highway between Cumberland and Keyser, W. Va.

Farm Bureau Is Sponsor

Establishment of a livestock market for this area is sponsored by the Allegany County Farm Bureau, of which Harry J. Barton, of Pinto, is president. The purpose of the market is to give farmers a place close to home at which they will be able to sell their livestock to local butchers and buyers from the larger meat firms.

The site sought for such a market must contain about three acres of land upon which buildings will be erected and there will be ample parking facilities. The market will be similar to those now in operation at Moorefield and Terra Alta, W. Va.; Accident, Md.; Winchester, Va.; and Hollidaysburg, Pa.

Due to the demand of farmers for the establishment of a market close to Cumberland, the Allegany County Farm Bureau took steps in that direction by voting in favor of the project about two weeks ago at a meeting here.

W. H. Johnson, of Baltimore, is vice president of Cumberland Stockyards, Inc., and Thomas Lohr, of Martinsburg, is secretary. Directors are Clem Armstrong, Rawlings; Marshall Porter, Eckhart; G. Stone, of Martinsburg; Clarence Miller, of Martinsburg; M. S. Haskel and Hugh Stevenson, both of Ellicott.

Berry Named Manager

Roy Berry, of Frothingham, who served as manager of the Accident market for three years, has been selected to manage the local market.

War Correspondent Doesn't Think War Will End Soon

Warning that "our nation is great but it is not omnipotent," J. Norman Lodge, veteran Associated Press correspondent who is in Cumberland for a broadcast over WTBO at 11:15 a. m. today, said yesterday that the war will not be over as soon as most people think.

"Unconditional surrender is what we're after and it's going to take at least another ten to twelve months to get it in Europe and from one and a half to three years in the Pacific," Lodge declared. "Lodge has been covering news all over the world for twenty-eight years. As soon as war with Japan broke out he went to the Pacific war zone and covered every landing operation there from Guadalcanal to Bougainville. He had nine attacks of malaria and was shot down in a B-17 bomber."

Lodge was in London during the blitz and was bombed out of his lodgings four times in four successive nights. When he was crossing the English channel in June to cover the invasion, his boat exploded from contact with a mine.

Discussing the cost of the war, the correspondent said that at the present rate of spending—\$288,000,000 a day—the sixteen billion already loaned to the government in the Fifth War Loan will last exactly fifty-five days.

"All the American soldier needs to eventually win victory is firm backing on the home front, backing in donations of blood plasma, and in war bond purchases that stick, not the kind that are converted into cash sixty days later," Lodge said.

Tin Can Campaign Opens Wednesday

Cumberland's first tin can collection in four months will be conducted next Wednesday and Thursday, commencing at 9 a. m. each day, it was announced yesterday by W. Donald Smith, chairman of the Allegany County Salvage Committee.

The house-to-house pickup of properly prepared tin cans will be held in the section north of Baltimore street, Baltimore avenue and Greene street and also in LaVale, Bowling Green and The Dingle on Wednesday. The canvass on Thursday will include the section south of Baltimore street, Baltimore avenue and Greene street.

Emmett A. Dougherty, who is in charge of the collection, yesterday appealed to householders to make sure that cans are properly prepared, that is, flattened with both flaps tucked in, so that they will be accepted by the detinning plants. He added that three or four tons of improperly prepared cans were tossed out of the three carloads that were sent to the plant following the collection in April.

Dougherty urged residents to refrain from placing old rain spouting above pipes out on the curb with tin cans. He said he is hopeful of collecting two carloads of cans during next week's roundup.

Local News Items

Allegany county has established a new record in sale of "E" bonds. It was announced yesterday by Joseph M. Naughton, county chairman, who reported sales in the Fifth War Loan drive now total \$899,975. Sales in the Fourth War Loan drive totalled \$885,575. The final report on the Fifth War Loan drive sales will be issued Monday.

The damage suit brought by Mrs. Ethel M. Lashbaugh, Lonaconing, against the Peoples Life Insurance Company of Washington, D. C., has been settled in circuit court upon payment of \$353 to Mrs. Lashbaugh.

Instructions on preparing entries in the Fairgo contest have been given to members of the Allegany County Boys' 4-H club. Mylo S. Downey, state 4-H agent and Joseph M. Steger, assistant Allegany county farm agent, visited the boys and explained the proper manner of preparing the calves and showing them when the judging begins August 15.

Eight hundred and forty-eight names will be added to the Allegany County Honor Roll in the city hall tomorrow. Next week it was announced yesterday by Thomas P. Conlon, chairman.

Central firemen were called at 5:25 p. m. yesterday to the home of Miss G. M. Hartung 171 North Mechanic street. When fire broke out as a result of a short circuit in the wiring of an electric refrigerator. The kitchen ceiling and refrigerator were slightly damaged.

Town Hall To Vie For Purses during Fairgo Race Meet

Town Hall, winner of seven races in eight starts at Charles Town, W. Va., was among a string of seven horses owned by G. C. Smith which arrived yesterday at Fairgo for the ten-day meeting scheduled to open at 2:30 p. m. next Tuesday.

C. Everett Brining, of Hagerstown, who has sent horses post-war to Fairgo for many years also came to town yesterday with five bangtails, including Marauder, which copied two straight races at Bel Air, the fifth on July 27 and the sixth on August 1.

A newcomer among the horsemen at the local half mile oval is A. M. Taylor, who has five racers under his wing, including Latoba, recent winner in Delaware. Two other new faces are J. E. Crider and K. McLaughlin with six and three horses, respectively.

The "tote" board has been repaired and the track has been "prettied up" for the approaching meeting. Improvements include macadam walks, plastic rock walks in the grandstand and enlarged wagering facilities in the main line beneath the grandstand and in the jockey club.

Edward J. Brennan, race secretary, is scheduled to arrive from Bel Air tomorrow while Donald Hay, director of wagering, is due on Monday.

There are seventy horses quartered at Fairgo at the present time. By Monday evening, however, the number will be increased to approximately 300.

CREST OF R.C.A.F. IS PRESENTED TO J. S. JAMMER

NEWARK, N. J., Aug. 4.—A crest of the Royal Canadian Air Force, autographed by the King of England, has been presented to J. S. Jammer, Cumberland, and Montclair, N. J., vice president and general commercial director of Federal Telephone and Radio Corporation in appreciation of his services to the war effort. The honor is one rarely conferred by the R.C.A.F. upon civilians.

The gift is a significant testimonial to the tireless endeavors which Jammer has put forth in his company toward the development and production of the vital electronic communications equipments of many kinds by which United Nations men-of-war of the air have been sky-writing victory over the Axis powers.

Authorized by the Canadian Government, the token was presented to Jammer by Group Captain C. J. Campbell, M.B.E., director of signals, R.C.A.F., as of July 25, 1944. Its scroll bears the legend, "Per Ardua Ad Astra, (through work to the stars), Royal Canadian Air Force."

Agreement Reached On Step-up Rates By Celanese, Union

Fred T. Small, plant manager of the Celanese corporation here, has announced that the negotiating committee of Local 1874, Textile Workers Union of America, has accepted the proposals of the corporation for revision of the step-up pay rates, with few exceptions.

Small said the step-up agreement will be presented to the union membership for ratification, after which it will go to the Philadelphia Regional War Labor Board for consideration.

The proposals of the union for general wage increases and holiday pay remain unsettled and will be taken up at a WLB hearing in Philadelphia on August 23.

Cumberland Child Featured in Life

The current issue of Life magazine has two pages of pictures of Dana Glen, 16-month-old daughter of Mr. and Mrs. Alex Glen, 518 Washington street. The pictures were taken several weeks ago in New York city and show Dana's liking for mud pies, covering a typical afternoon in the life of the child at that time.

Mrs. Glen and Dana recently came to Cumberland to join Mr. Glen who is head of the engineering laboratory of the Allegany Ballistics Laboratory at Pinto.

FIRST OFFICERS INSTALLED—Officers of the newly formed Memorial Post, American Legion, Mt. Savage, were installed Thursday night by Legion officials from Fort Cumberland Post, No. 13. Officers who were able to be present for the program are shown above with the installing officers. In front (left to right) are — Frank Del-Signore, first vice-commander; Joseph Carter, commander; John R. Kelly, mountain district vice-commander. Back row — Raymond Norris, finance officer; Edward Farrell, adjutant; William H. Witte, past commander Fort Cumberland post. Officers who were unable to be present because of employment hours are Thomas Nelson, sergeant-at-arms; John Murray, historian, and John Allen, chaplain.

Officers of the newly formed Memorial Post, American Legion, Mt. Savage, were installed Thursday night by Legion officials from Fort Cumberland Post, No. 13. 90 Registration Officials Will Be Sworn In Monday

Election Board To Preside at City Hall Meeting at 8 p. m.

Approximately ninety registration officials representing the Democratic and Republican parties in Cumberland and vicinity will be sworn in by the Board of Supervisors of Election of Allegany county, Monday, August 7, at 8 p. m. in the council chamber of the city hall.

A total of 150 officers, seventy-five of whom are Republicans and seventy-five Democrats, in the seventy-five election precincts of Allegany county must be sworn in by the board before presidential election on Tuesday, November 7.

Patrick F. King, clerk to the board, said that sixty registration officials have already been sworn in this week in meetings at West-ernport, Tuesday and Lonaconing and Frostburg, Thursday.

Clerks and judges are not sworn in until the morning of election day by registration officers, who take the oath three months earlier. Two registration officers from each precinct in Cumberland and vicinity will attend Monday's session here.

WAVE Recruiter To Remain Here Another Week

Mary D. McCleary, yeoman second class in charge of WAVE recruiting here, has received orders from Cmdr. O. J. Gullickson, USN, commanding officer of Naval Officer Procurement, Washington, D. C., to remain in Cumberland next week instead of reporting to the naval recruiting station in Hagerstown.

Yeoman McCleary announced yesterday that she will be glad to make recruiting appointments for young women who are unable to call at the recruiting station during the day. Appointments may be made by calling 3511. She will remain in Cumberland until Saturday, August 12.

Federal Act Is Invoked in Suit Filed Here

The Soldiers and Sailors Relief Act, protecting servicemen and their families, was invoked for the first time yesterday in trial magistrates court by a defendant in a civil suit brought by his landlord, according to Magistrate Oliver H. Bruce, Jr.

C. B. McElfish, the landlord, sued V. E. Portness, 324 North Mechanic street, for nonpayment of rent, and when the case was brought up Portness claimed that he is unemployed, and that an allotment from his son, Philip E. Portness, now serving in the army, pays the rent.

A hearing will be held in circuit court in ten days to determine whether Portness is dependent on his son's allotment. The landlord is represented by Morris Baron.

Loy and Rice Are Leaders In 1,000 Point Contest

Don Loy and Jack Rice are setting the pace in the Central YMCA 1,000 point contest with 380 and 360 points, respectively.

The running high jump will be next week's event.

The softball league contests, the Walnuts defeated the Cocoanuts, 8 to 6, and the Peanuts downed the Chestnuts, 10 to 9. The Walnuts lead the league with four wins and one loss trailed by the Cocoanuts with three victories and two defeats.

Roosevelt's Re-election Is Termed Best Guarantee for Speedy Victory

McMullen Says Roosevelt Is Best Equipped Man for Peace Problems

The re-election of President for a fourth term offers the best guarantee of speeding victory, establishing and maintaining peace, guaranteeing full employment and providing prosperity, according to Daniel F. McMullen, Democratic nominee for Congress from the Sixth Maryland district, who spoke at a meeting last night in the Democratic Cosmopolitan Club, 165 North Mechanic street.

McMullen has already made campaign trips to Washington, Frederick and Montgomery counties, and last night's meeting marked the opening of his campaign in Allegany county.

Warning that if a new administration is elected in November, it will mean that new men will take over every department and agency of the government, McMullen said:

"I would not question the patriotism or ability of these newcomers, but I do contend that no set of men, no matter how able, can take over the running of this country in wartime without causing delays and interruptions to the war effort, and every delay or interruption to that effort means the loss of additional American lives."

The speaker said President Roosevelt is the best-equipped man in the United States to handle peace negotiations because he knows world leaders and the problems which will confront them at the peace table.

McMullen asserted that a new administration would be faced with the problem of making another set of plans than those now formulated for handling postwar problems of reconversion to a peacetime basis.

"This is a democracy, and the majority of the people have a right to elect their president, and I for one am satisfied to place by reliance in the verdict of the majority of the American people," McMullen concluded.

Oliver H. Bruce, chairman of the Allegany County Democratic State Central Committee, presided at the meeting and introduced Attorney General William C. Walsh, who made a personal report on the recent Democratic national convention in Chicago. Walsh then introduced McMullen.

Local Boy Fighting In France Declares War Is Really Tough

"Don't worry Mom, I'll be alright," Pvt. Charles E. Davidson, 18, wrote in a letter mailed July 11 to his parents, Mr. and Mrs. Paul N. Davidson, 631 Loring avenue, after several weeks of bitter fighting in the invasion of France.

The youth, who is a light machine gunner, told his parents he had been constantly on the move and had not had any rest for a month, which was the reason he had previously written only a brief letter since he landed in France. War is really tough, he wrote his parents, especially when "you come face to face with it." It can't end any too soon for him and that goes for the men who are left in his outfit he declared. Because he has been constantly on the move, Pvt. Davidson said he had received no mail since arriving in France. He is anxious to contact any Cumberland area men in his district.

V.F.W. Auxiliary To Accept New Members

The Veterans of Foreign Wars Ladies Auxiliary will accept new members at the meeting at 8 o'clock Tuesday evening at the home, Union street. Mrs. Catherine O'Toole will be in charge of the induction ceremony and will be assisted by her staff of officers.

A routine business session will precede the ceremony.

Queen City's New Ice Plant Goes Into Operation

Installation of New Equipment Hikes Capacity to 65 Tons Daily

Modernized at a cost of approximately \$50,000, the ice plant of the Queen City Brewing Company, Market street, is now in operation and has a daily capacity of sixty-five tons, according to John F. Blohme, superintendent.

Practically all of the new equipment has been installed and when additional machinery arrives the daily capacity will be increased close to eighty tons, Blohme said.

The old building has been remodeled, a new fifty-ton-a-day tank installed and the ice house remodeled. An old tank used in the manufacture of ice is still in operation at the plant.

Prior to the installation of new machinery the plant was turning out an average of forty tons of ice daily.

Blohme said that recent improvements have made the plant modern in every respect and that a better grade of ice is now being manufactured.

The ice business is booming these days because of the fact that plants which formerly manufactured electric and gas refrigerators have halted production since being converted into war industries.

Remodeling operations at the Queen City plant are in charge of the George F. Hazelwood Company, general contractors.

JESSE V. LONG'S FUNERAL IS HELD

Funeral services for Jesse V. Long, 66, of Bedford Valley, Pa., former publisher of the Cumberland Daily News and the Times and Allegany Company, were held at 2 p. m. yesterday at the Hafer funeral home with the Rev. Dr. Hixon T. Bowersox, pastor of St. Paul's Lutheran church, officiating. Interment was in Rose Hill cemetery.

Pallbearers were members of Cumberland Typographical Union, No. 244, of which Mr. Long was a member. The pallbearers were James Orr, T. R. Peterman, George Cline, Ernest Landberger, William A. Miller and Vincent Martin.

CHARLES H. PARRISH Funeral services for Charles Hamer Parrish, 61, 644 North Centre street, who died at his home at 2:10 a. m. yesterday, will be held at 2 o'clock Monday afternoon in the Living Stone Church of the Brethren.

Mr. Parrish, a Baltimore and Ohio railroad machinist, was a native of West Virginia and a son of the late Rev. John A. and Elizabeth J. Parrish. He was a member of the International Association of Machinists.

Surviving are two daughters, Mrs. Clifford Bennett and Miss Virginia A. Parrish, Cumberland; five brothers, James O. Parrish, Elkins, W. Va.; George D. Parrish, Shillmar; Joseph W. Parrish, Elk Garden, W. Va.; Stephen L. and Daniel H. Parrish, Cumberland; and a sister, Mrs. J. W. Noonan, Cumberland, and one granddaughter.

The services Monday will be conducted by the Rev. Arthur Scrogan. Interment will be in Rose Hill cemetery.

MRS. LILLABEL W. LEE Mrs. Lillabel Ward Lee, 67, of Baltimore, widow of Marcellus Lee, died Thursday. She was a native of Cumberland and a daughter of the late James H. and Alice Dillie Ward.

Surviving are three brothers, Donald M. and George H. Ward, both of Baltimore, and Leo Wallace Ward, of Arizona.

The body will arrive at Stein's chapel this afternoon. Services will be held there at 10 o'clock Monday morning with the Rev. Louis H. Ewald, rector of Holy Cross Episcopal church, officiating. Interment will be in Allegany cemetery, Frostburg.

WILLIE GODSEY Willie Godsey, 48, native of Cumberland, died Thursday night at Mt. Union, Pa. He was employed in a brick plant and left here about ten years ago.

Mr. Godsey was a son of the late Mr. and Mrs. John Godsey. His sister, Mrs. Louise Britten, 116 Winrow street, is at Mt. Union to attend the funeral.

MRS. SHOEMAKER RITES Funeral services for Mrs. Martha Jane Shoemaker, 48, wife of George M. Shoemaker, 107 Springdale street, were held at 2 p. m. yesterday in Rock Oak, W. Va., Church of the Brethren with the Rev. Arthur Scrogan and the Rev. Mr. Hamilton officiating. Interment was in the church cemetery.

TWO AREA SOLDIERS WOUNDED IN ITALY

Two Cumberland area soldiers were named in yesterday's casualty reports, both suffering wounds in Italy. They are Cpl. John C. Spiker, 504 Prince George street, wounded July 14 and Pvt. Everett Justus, Ridgeley, wounded July 17.

Cpl. Spiker is the son of Mr. and Mrs. H. C. Spiker, of 504 Prince George street. He was inducted Feb. 8, 1943 and went overseas last December.

Pvt. Justus is the son of L. D. Justus, 20 Washburn street, Ridgeley. A graduate of Parsons high school, he entered the army last September and went overseas in March of this year. He has a brother, Sgt. Lonnie Justus, stationed in India.

Maj. and Mrs. E. L. Jones Announce Birth of Son

Maj. and Mrs. Emmett L. Jones, former Cumberland residents, announce the birth of a son on Wednesday, August 2, at Lincoln, Neb. This is their second child.

Maj. Jones, who entered the army about two years ago, was recently transferred from Lincoln, Neb., to Ardmore, Okla. Until his transfer he had been stationed at Lincoln since entering the army.

Mercury Hits Season High of 101; Showers Predicted for Today

A new maximum temperature for 1944 was established yesterday when Old Sol's scorching rays moved the mercury up to the 101-degree mark in the official thermometer atop city hall, thereby topping the previous high of 100 degrees recorded here on Sunday.

Yesterday's temperature was three degrees above the ninety-eight of Thursday, and equaled the 1943 high of 101 established on August 12.

The 101 of a year ago incidentally was the highest temperature recorded in Cumberland in August over a period of thirteen years. In 1930 the mercury jumped to 101 twice, 103 and 104 in that month.

What is believed to be the all-time high for the month, however, was the 109 registered on consecutive days—August 5 and 6, 1918.

The weather forecast for today is "hot and humid with scattered afternoon thunder showers."

Counties To Plan Farm-to-Market Postwar Roads

Commissioners Will Seek Liberalization of Road Building Standards

A committee including John H. Carscaden, county engineer, has been appointed by the Western Shore County Commissioners Association to prepare plans for submission to the state roads commission for approval under which the counties would be permitted to use a portion of federal funds which may be allocated to states under the post war federal aid highway act now pending in Congress for the construction of farm-to-market roads.

A report on the meeting, held Wednesday in Baltimore, was submitted at the meeting of county commissioners yesterday by Commissioner James Holmes and James Stevenson, clerk to the board. They pointed out that the meeting was largely attended by county, municipal and school officials of the district.

To Outline Specifications The committee, named by I. Keller, Shank of Washington county, president of the association, includes two additional engineers and three county commissioners. They are to submit plans outlining standard minimum specifications for farm-to-market road building in the respective counties.

Holmes told the commissioners yesterday that the association will seek to have federal agencies liberalize specifications for road building standards in order to permit the construction of county roads at a cost considerably under that for highways connecting with the state roads system and in order that more mileage can be obtained and more roads improved.

Reject Request The commissioners by unanimous vote yesterday rejected the request made Tuesday by William S. Jenkins, secretary-treasurer of the Consolidated Fuel Company, for reconstruction of short stretch of road and a bridge leading to Mine No. 11 from the Mt. Savage road at Zihlman. The board ruled that the road and bridge never were county property but were built originally by the Consolidated Coal Company.

John R. Wilkinson, advertising manager of the Times and Allegany Company, and Miss Margaret E. Connelan, commentator for WTBO, advised the board they will accept appointments to the Allegany County Welfare Board for six-year terms.

Divorce Action Charges Cruelly

Charging cruelty, Mrs. Lula E. Bennett filed suit in circuit court yesterday for a partial divorce from Stanley R. Bennett and asked for custody of their four minor children.

Mrs. Bennett declared in her bill of complaint that her husband beat her severely June 22. She said they were married April 7, 1928, and that she was forced to obtain work in order to support herself and the children. An order of court signed by Associate Judge William A. Huster ordered Bennett to pay Mrs. Bennett \$20 weekly during the litigation and restrained him from entering her home. She is represented by Estel C. Kelley.

A bill of complaint was filed in circuit yesterday by Alice N. McGuire against John A. McGuire and suit was entered by Frank Orbell against Mrs. Josephine Orbell.

Volunteer Firemen Will Meet Sunday

The monthly meeting of delegates representing the twenty-three companies in the Allegany-Garrett County Volunteer Firemen's Association will be held Sunday afternoon at the Bowman's addition fire hall. Matters of interest including new types of equipment will be discussed by the delegates, and they will inspect the new quarters of the Bowman's addition department which are nearing completion.

Decision Upheld

A verdict for Mary C. O'Neal was handed down Thursday in circuit court by Chief Judge Walter C. Capper and Associate Judge William A. Huster when the appeal of the defendant, Charles L. Roby, was argued.

The decision of Magistrate Oliver H. Bruce, Jr., in trial magistrates court. The suit resulted from an automobile accident here last February 12. The plaintiff was awarded \$208 damages. Paul M. Fletcher was her attorney, and Edward J. Ryan represented Roby.

Three Men Held On Illegal Liquor Charges Post Bond

Federal Agents Confiscate Mash and Whisky in Second Raid

Three Garrett county men, accused of possessing illegal mash, following raids conducted by federal investigators of the alcohol unit, were held under bond of \$500 each for action of the September term of Garrett County Circuit Court at hearings before Trial Magistrate H. A. Lorditch at Oakland yesterday afternoon. All furnished bond.

Two of the men, George Tibbels, Frostburg policeman, and George K. Katsanis, Frostburg grill proprietor, were arrested Wednesday afternoon when the federal agents raided a seventy-five gallon still in the farm of James Green, near Alton, in Garrett county.

The third man, Francis O. Gault, near Beall school on Little Savage mountain, was arrested Wednesday afternoon in another raid. Officers said they confiscated fifty gallons of mash and one gallon of whisky but did not locate a still.

According to the officers, they went to Garlitz's home, and questioned him about operating a still. He denied such an operation, when he refused the officers permission to search his cellar, however, the officers, however, did not find anything.

The officers, however, did not find anything from the house and a short time later Garlitz and his children, one 11 and the other 12 years old, carrying the mash and whisky from the house, investigators said.

When the man and the children had carried the mash and whisky up a mountain about 300 yards from the house the officers made the arrest.

Green, arrested Wednesday, was held under bond of \$500 for action of the federal grand jury by United States Commissioner Wilbur Wilson on Thursday. He was charged with possession of an unregistered still, carrying on the business of distilling without giving bond, making and fermenting mash for distillation and producing distilled spirits or alcohol. He posted bond.

The raid at Garlitz's was conducted by Charles E. Cuswa, Hagerstown; John Barton and Olin G. Briggs, Baltimore, federal investigators, and Howard P. Lounsbury, United States deputy marshal.

Mrs. Daniel Twigg Dies at Her Home After Long Illness

Mrs. Mary E. Willson Twigg, wife of Daniel C. Twigg, 84, street, died at her home at 11 o'clock last night after being ill since last November.

A daughter of the late Ashland and Harriet Willson, Mrs. Twigg was born March 4, 1857, the first President Buchanan was inaugurated. She and Mr. Twigg were married on Easter Sunday in 1875 and at this past April 13 they celebrated their sixty-ninth wedding anniversary.

Following their marriage they resided on a farm near Springfield, W. Va., for twenty years but in 1920 moved to Cumberland where Mr. Twigg entered the service of the Western Maryland railway as a blacksmith.

Mrs. Twigg was a member of Trinity Methodist church. Surviving besides her husband and one son, Mr. E. Twigg, Washington, D. C.; two daughters, Mrs. Edna O. Barret, Flintstone, Md.; three sisters, Mrs. Ida Bruch, Roanoke, Va.; Mrs. D. W. Robinson, Flintstone; Mrs. Hester Chaney, Cumberland; one brother, James Willson, Grantsville, thirteen grandchildren and twenty-eight great-grandchildren.

The body will remain at Hafer funeral home. Funeral arrangements will be announced.

Three Births Reported

Mr. and Mrs. Melvin Snyder, Ridgeley, W. Va., announce the birth of a son last evening in Memorial hospital.

A son was born to Mr. and Mrs. Mervin Martin, Roberts place, yesterday morning in Allegany hospital.

Mr. and Mrs. Ryder Ray, Bald City, Idaho, announce the birth of a daughter there July 20. Mrs. Ray is the former Miss Eleanor Kiffin, formerly of Cumberland. She has been a member of the army nurses corps. The baby has been named Marguerite Anna.

Commission To Meet

The regular monthly meeting of the Cumberland Planning and Zoning Commission, Dr. Thomas W. Koon, chairman, will be held Monday at 3 p. m. in the mayor's office at city hall.

Three Soldiers Killed

ARMORE, Okla., Aug. 4 (AP)—Three soldiers were killed and seriously injured last night in the collision of an army airfield truck and a gas transport.

Pfc. James Sliwinski, Dundalk, Md., was one of those seriously injured.

Coal Output Up

WASHINGTON, Aug. 4 (AP)—The nation's bituminous coal output during the week ended July 29 reached 12,350,000 tons compared with 12,130,000 tons during the comparable week of 1943, the National Coal Association estimated today on basis of loading reports.
